EDUCATION

Swami Keshvanand Institute of Technology (SKIT)

B.Tech in Computer Science (Artificial Intelligence) – CGPA: 8.87/10

Jaipur, Rajasthan

Sep. 2023 – 2027

Green View Public School

High School (PCM)

New Delhi

2023

EXPERIENCE

Python Development Intern

NCodes Lab

June 2025 – July 2025

Kishangarh, Rajasthan

- Developed 12+ Python automation scripts, streamlining data processing workflows by 35%.
- Built reusable Python modules for task automation, reducing manual effort across 5+ projects. .

Web Development Intern

Kistechnosoftware Private Limited

June 2024 – July 2024

Jaipur, Rajasthan

- Built responsive web apps using HTML, CSS, JavaScript and MySQL, boosting content delivery speed by 28%.
- Resolved 40+ bugs through rigorous testing, strengthening application performance and scalability by 35%.

PROJECTS

Smart Crop Advisory System | Python, TensorFlow, Machine Learning

Ongoing

- Built ML advisory system with feature engineering & data wrangling, increasing crop yield prediction accuracy by 35%.
- Engineered real-time ETL preprocessing pipeline for soil & weather inputs, minimizing model latency by 30%.

ResumeBuilder & ATS Checker | Flask, MySQL, HTML, CSS, JavaScript

LIVE

- Built a Flask-based resume platform with MySQL, enhancing ATS keyword match accuracy by 25% for recruiters.
- Designed optimized database schema cutting resume retrieval query response time by 40% across 100+ records.

TripTrail – Tours and Travel Website | HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

Project

- Developed a dynamic tours and travel booking website with package listings, gallery, booking form, and user reviews.
- Implemented responsive UI and backend integration using PHP & MySQL for real-time booking data management.

TECHNICAL SKILLS

Languages: Python, C/C++, Java, JavaScript (Basic), SQL, MATLAB

Data Science & Analytics: Statistical Analysis, Data Visualization, Exploratory Data Analysis, Matplotlib

Web Development & Databases: Flask, MySQL, SQLite, HTML, CSS, Bootstrap, Figma

Tools & Platforms: Jupyter Notebook, Google Colab, Git, GitHub, VS Code, Anaconda, IntelliJ IDEA, Android Studio

Soft Skills: Analytical Thinking, Problem Solving, Communication, Leadership, Teamwork, Adaptability

CERTIFICATIONS

Career Essentials in Generative AI – Microsoft & LinkedIn(2024)

Geo-data Sharing & Cyber Security – IIRS ISRO(2025)

Geo-data Processing using Python and Machine Learning — IIRS ISRO(2025).

ACHIEVEMENTS

Selected for Cohort 6 – Infosys Pragati.(2025)

Selected as SheFi Scholar (2025)

Advanced to Round 2 – MUJ HackX 2.0 Hackathon(2025)
